Math Placement Test	MATH	GRADES 5,6,7	Paper	80 minutes	6/1/21-6/9/21		

\* Testing mode refers to how the student will be administered the assessment. The two types of mode are computer and paper and pencil; some computer-based assessments allow students to take the assessment using paper and pencil. Be sure to inquire about the options if your son/daughter has a medical issue that would not allow him/her to take the assessment on the computer.

\*\* Testing time is the maximum amount of time allotted to students to complete the assessment. Most students finish well in advance of the allotted time. If a student is permitted extra time or any other accommodations by their 504, IEP, parent/guardians should contact their guidance office for additional details on accommodations and accessibility options

\*\*\* The testing window is a period in which districts administer the NJSLA assessment; it is not the actual number of days it takes a student to test. School districts can choose which days within the testing windows that it wants to assess students. Please inquire within your district about the exact testing dates of the assessment.

\*\*\*\* This column indicates when the reports will be available to the district. The district will send out reports to parents as soon as possible. Please contact the district for further information.
