General Itinerary:

Main stops and activities

Leave Franklin Township School at 8:30 AM

Travel Time approximately 1 1/2 hours

Tour/Lunch 3 hours - Tour scheduled to begin at 10:00

Departure Time - 1:30

Return to School - 3:00 pm

Relationship of trip to curriculum:

A component of the fifth grade curriculum involves the study of Rocks and Minerals. The students identify how to distinguish between a rock and a mineral. The rock cycle is covered as part of this unit of study. The students also learn how to categorize rocks and talk about how rocks change. A tour of this mining museum will offer students a visually stimulating hands-on experience in the study of earth science. Opportunities for studying and examining rock and mineral samples and artifacts will be provided to the students.

Was a similar trip taken last year?

Yes

No

comments: We believe this trip will enhance the curriculum taught in our fifth grade science program and further inspire the students to develop a lifelong learning of earth sciences.

This trip request complies with the Board of Education's policy and regulations #6153.
