2. Superintendent's Report - Nicholas Diaz

- I would like to thank our custodial staff for all their hard work this summer. It is thanks to their efforts that our school is ready for our students and staff.
- This week our school reopens for staff and students
- Today was our new teacher orientation for both districts.
- August 24-25 are our teacher in-service days. Our training focus will be on using data to raise student achievement and the science of reading.
- August 26th is the first day of school and we look forward to the return of all of our students!

Summer Programs

- We successfully hosted three in-person summer programs in July and August.
- We hosted the Extended School Year program for our special needs students.
- We hosted the Summer Scholar Program for our intervention students in general education.
- And we hosted Camp Achieve which was focused on enrichment activities such as team building, design thinking, physics and rocketry, and activities related to nature.
- All three programs were well attended and we received very positive feedback from families.
- Since 2017, we have expanded our summer program offerings to our students. Previously, we only offered an
 Extended School Year Program but thanks to various grants we have secured we have expanded to three
 summer programs.

A big thank you to our teachers and leadership team because without them we would not be able to offer these great programs.

Goals for the 2021-22 School Year

A few of our District goals and priorities for the 2021-22 school year are:

• The mental and physical health, safety, and welfare of all our school community members.

- During the 2021-2022 school year, the district will be creating a Wellness Room. This room will serve as a safe zone for students. The room can be utilized by individuals when feeling overwhelmed, stressed, or for a "brain break." Mindfulness tools, such as breathing exercises and videos, along with the Zones of Regulation curriculum will be encouraged to assist with self-regulation.
- Raising student achievement particularly in ELA and Math on the NJSLA.
- Successfully implementing the Science of Reading which is based on a body of research that incorporates
 insights and research from disciplines that include developmental psychology, educational psychology,
 cognitive science, and cognitive neuroscience.

Recognition

- Franklin Township School is a New Jersey Sustainable School with silver certification. The school applied for and was awarded a \$2,000 grant through PSEG Foundation. A school garden was completed during the 2020-2021 school year.
- As a part of Theme 1 of our Strategic Plan, Excellence in Education, one goal was to create an interventionist
 position. For the 2021-2022 school year, Mrs. Trina Lahman will serve as the intervention teacher and will
 provide support to elementary school students in math and language arts.

3. Presentation - FTS Safe Return Plan - 2021-2022 - Mr. Diaz, Superintendent

Mr. Diaz presented the Franklin Township School Safe Return Plan as follows and stated that a letter will go out to the community on August 24th, 2021.

- During the past three Board meetings, the District administration and Board of Education have discussed our Safe Return Plan. The DOE required 10 items to be in the plan.
 - Universal and correct wearing of masks
 - Physical distancing
 - o Handwashing and respiratory etiquette
 - Cleaning and maintaining healthy facilities
 - Contact Tracing
 - Screening
 - Vaccine Efforts
 - Accomodations for Children with Disabilities
 - Continuity of Services
 - Public Comment
- This month's committee meetings to discuss the plan were centered around cleaning up the language in the
 document and adding the newest mandate. Governor Murphy recently announced EO 251 which requires
 every individual inside district and school buildings to wear a face mask, regardless of vaccination status.
 Exceptions include the following circumstances:
 - When doing so would inhibit the individual's health, such as when the individual is exposed to extreme heat indoors;
 - When the individual has trouble breathing, is unconscious, incapacitated, or otherwise unable to remove a face mask without assistance;
 - When a student's documented medical condition or disability, as reflected in an Individualized Education Program (IEP) or Educational Plan pursuant to Section 504 of the Rehabilitation Act of 1973, precludes use of a face mask;
 - When the individual is under two (2) years of age;
 - When the individual is engaged in activity that cannot physically be performed while wearing a mask, such as eating or drinking, or playing a musical instrument that would be obstructed by a face mask;
 - When the individual is engaged in high-intensity aerobic or anaerobic activity;
 - When a student is participating in high-intensity physical activities during a physical education class in a well-ventilated location and able to maintain a physical distance of six feet from all other individuals; or
 - When wearing a face mask creates an unsafe condition in which to operate equipment or execute a task.

- o Masks are also required while on a school bus as masks are mandated on public transportation
- We discussed moving to 3 feet of social distancing to ensure all students could return to school for in-person instruction.
- 3.01 **Resolved**, to approve the Franklin Township School Safe Return Plan 2021-2022.
