

REGULATION

FRANKLIN TOWNSHIP BOARD OF EDUCATION

File Code: 5120

ASSESSMENT OF INDIVIDUAL NEEDS

The chief school administrator/designee directs the implementation of procedures and assigns responsibilities to ensure that an assessment of individual student needs is determined for each school age child enrolled in the district's schools and for resident students in need of special assistance attending private or nonpublic schools.

- A. The child study team is responsible for determining student eligibility, both public and private, for special education and related services;
- B. The child study team shall coordinate the development of an individualized education program for each educationally disabled student in accordance with law;
- C. The chief school administrator shall oversee the development of the testing/evaluation system for assessing each student upon entrance into the district and annually, thereafter;
- D. The chief school administrator is responsible for implementing and/or administering the testing/evaluation system for assessing each student upon entrance the district educational programs;
- E. The chief school administrator is responsible for implementing the testing/evaluation system for assessing the needs and potentials of each student annually;
- F. The chief school administrator shall oversee the development of the remedial instructional program and a testing/evaluation system for the identification of students not meeting state and/or local minimum levels of proficiency;
- G. The chief school administrator is responsible for implementing the testing/evaluation system that identifies students not meeting state and/or local minimum proficiency levels;
- H. The chief school administrator shall oversee the regular evaluation of the needs assessment program and for the implementation of board policy 6147.1 Evaluation of Individual Performance.
