Buses

Please know the letter of your child's bus. This will help us assist you if there are any concerns with pick-ups or drop-offs. Bus information will be sent directly from the transportation company by email. After a few days most "glitches" will be worked out and a more specific time will be established through practice. We recommend being at the bus stop at least ten minutes earlier than the posted time for the first few days. If you have any questions regarding transportation, please call the main office at 908-735-7929.
