June 12, 2018

Dear Parent/Guardians:

Once again we have come to the end of another school year. As in the past we are sending home our annual summer packets to extend the reading, writing, and math learned over the academic year. The teachers will give their students a summer packet to take home. Copies of the packets can be found online on our school website: [www.ftschoool.org](http://www.ftschoool.org).

All students are required to read two books of their choice from the list of recommended reading during the summer. Parents may also choose a book that is not on the list, provided it is grade level appropriate. For math, students will be expected to complete the math packet. The packets have been developed to reinforce skills learned and be prepared for the upcoming school year.

The summer packet grade level tasks/assignments must be completed and submitted by Friday, September 14, 2018. The assignments will be counted towards Language Arts and Math for the first marking period. Students may also bring their completed assignments in on the first day of school, Tuesday, September 4, 2018.

Middle school students will be required to complete a technology assignment over the summer. Please stay tuned for the assignment entitled, "FTS District Digital License." It will be posted on the front page of the website this summer. Not completing the requirement will delay a student from receiving their chromebook.

In addition, The Parent/Student forms for Technology will be posted on the district's website. The forms will also be available in the main office. Please complete, sign and return the forms on or before the first day of school.

If you have any questions you may contact our offices Monday-Friday between the hours of 8:00 a.m. and 3:00 p.m., during the summer months. Have a great summer!

Sincerely,

Sophia Van Ess  
Vice Principal/Special Education Supervisor
