Kate,

Thank you for your students hard work today, especially in this heat! Please tell your campers thank you from all of us at America's Grow-a-Row for sticking it out and working nonstop for such a small group! Your students did a wonderful job, and their enthusiasm for the work was truly contagious!

Today you helped weed several rows of cabbage, which will allow the cabbage to grow fully, resulting in thousands of pounds of the hearty vegetable! You also helped us harvest 20 boxes of peaches, which is roughly 800 lbs worth! This translates to 3,200 servings of delicious, farm-fresh peaches! So thank you again for allowing us to continue feeding food insecure New Jersey residents.

I hope that we will get to see you all again soon and thank you again for your hard work,

Emily

Good evening Kate,

I would like to follow up on Emily's email and thank you all for taking the time to come out and volunteer today. The FTS National Honor Society students were quite impressive in the field. Their cabbage weeding was awesome and they were wonderful peach pickers as well. You should be very proud of how well they followed directions and how hard they worked on such a "warm" day! We hope that you will all join us again, perhaps on a day that is a tad bit cooler :)

Best Regards,
Holly

Kate,

I would like to echo Holly and Emily's thanks and thoughts. We are so fortunate to have such committed and focused youth that want to help us with our mission. And from what I hear, it was a very successful and productive day with the FTS National Honor Society. As a matter of fact, I heard back from one of the parents already that the students had a great time and that AGAR is near and dear to them.

Thank you again for allowing the students to join us today in the fight against hunger. We could not do the work we do without great volunteers such as you.

Have a nice weekend and see you and the FTS National Honor Society in the fields!
