SECTION II – TO BE COMPLETED BY PARENT/GUARDIAN

A. Parent Authorization (to be completed for all students)

I hereby give permission for my child to receive medication at school as prescribed above by their physician/healthcare provider. I also give permission for the release and exchange of information between the school nurse and my child's physician/healthcare provider concerning any health matters and medications. In addition, I understand that this information will be shared with school staff on a need-to-know basis.

B. Parent authorization for the administration of epinephrine by designees/delegates (to be completed for all students for whom the physician/healthcare provider has completed Section 1 B for epinephrine delegates.)

I give consent for the administration of epinephrine via a pre-filled auto-injector mechanism by the district delegates/designees trained by the certified school nurse to administer epinephrine in the event the school nurse is not present at the scene. I understand that neither the district nor any of its employees shall be liable for any injury resulting from the administration of epinephrine to a student and I agree to indemnify and hold harmless the district and its agents against any related claims.

Parent Signature____ Date __________________

C. Parent Authorization (for students with physician permission to self-administer medication)

1. I understand that neither district nor any of its employees shall be liable for any injury resulting from self-medication, and I agree to indemnify and hold harmless the district and its agents against any related claims.

Parent Signature____ Date _________________

2. I give permission for my child to self-administer medication as prescribed on this form, pursuant to N.J.S.A.: 18A:40- 12.3-12.6, for the current school year as I consider him/her to be responsible and capable of self-administration of medication. Medication must be kept in its original prescription container. I understand my child is to keep the medication for self-administration with him/her at all times. For an antihistamine prescribed to be given along with epinephrine for anaphylaxis, a single pre-measured dose of antihistamine, in its original labeled container, is to be kept with the student, along with the epinephrine, at all times.

Please review and check your choices for your child:

I ☐ **DO /** ☐ **DO NOT** wish to have my child seated at the nut-aware and/or milk and nut-aware table in the student lunchroom. I understand that, although the tables are washed in-between lunch periods, residue may remain on the table and seats from a previous lunch.

_____ My child may purchase lunch in the cafeteria. *If you wish for your child to purchase lunch, it is strongly advised that you contact food service personnel to review ingredient labels of the food served in the cafeteria to be sure it is safe for your child.*

_____ My child is to eat *only* foods sent from home.

_____ Contact me regarding class parties/event snacks and I will advise you in writing if my child may eat it. I will send in a supply of alternate snacks for my child in the event that the food item is not appropriate for my child.

I understand that information on my child's allergy is shared with staff on a need-to-know basis. Copies of the Emergency Care Plan (ECP) will be placed in the sub folders of the education staff and School Nurse, and a copy given to the Transportation Coordinator for the bus drivers.
